a Hello from us

Hello, we're Shirley and Wendy.

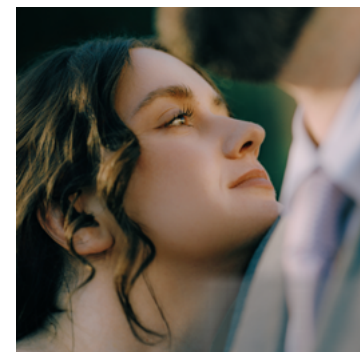

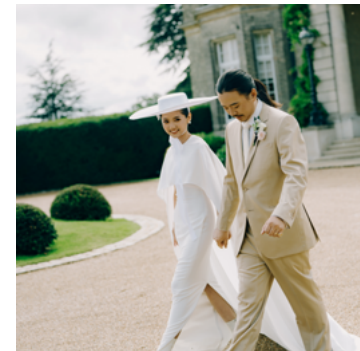

We're photographers and filmmakers drawn to human connection, thoughtful details, and the atmosphere that makes each wedding feel entirely its own. Based in Leeds, we document weddings across the UK and beyond.

With nearly a decade of experience in wedding photography and filmmaking, our approach has always begun with the people in front of us. We want you to recognise yourselves in our work: your personalities, your relationships, and the way it all felt.

That belief remains at the heart of Little Forest Studio, which we founded in 2018. Our creative language, however, continues to evolve. In recent years, workshops, new influences, and time spent exploring our craft have encouraged us to experiment more freely - with light, composition, movement, and playful ideas.

You'll find quiet, poetic moments alongside photographs full of energy and humour. We leave space for things to unfold naturally, offering a little guidance when it helps, and bringing a creative eye to whatever the day holds.

We take on a limited number of weddings each year so we can give every couple our time, care, and creative attention. If you see something of yourselves in our work, we'd love to hear what you're planning.

"As a two-woman team, we bring our own perspectives and a thoughtful, open-minded approach to every wedding. We welcome couples of all cultures, backgrounds, faiths, and identities, taking time to understand the people and traditions that matter to you. Above all, we want you to feel at ease, understood, and free to be yourselves, so the photographs and films we create reflect you and the love you share."

"We offer photography and filmmaking both individually and together. Having worked side by side for nearly a decade, we share an instinctive understanding of how to move, observe, and create together. When you choose both, your photographs and films share a consistent visual style, each bringing its own perspective to the people, moments, and atmosphere of your day."

OUR APPROACH

RELAXED, WITH GUIDANCE WHEN YOU NEED IT

We're laid-back photographers and filmmakers, and we take our cues from you. If you love being in front of the camera and have your own ideas about how you'd like to move or pose, we're happy to step back and give you space to express yourselves.

If you feel a little unsure, we'll offer gentle, easy-to-follow guidance through simple movements and everyday gestures. As you settle in and we get a feel for your personalities, we might introduce something more playful or explore ideas that feel like you.

You don't need to know how to pose. Whether you enjoy doing your own thing or prefer us to guide you, we're comfortable with either.

WHY WE WORK AS A DUO

We're often asked whether we offer wedding coverage with just one photographer or filmmaker. The investment reflects the overall work involved in documenting your wedding, from planning and shooting to editing, rather than a separate fee for each of us. We share that workload, and working as a duo is integral to how we deliver every wedding.

After nearly a decade working side by side, we instinctively know how to complement each other. We use different lenses and focal lengths to bring two perspectives to the same moment, while also acting as each other's assistant whenever needed.

That might mean helping with lighting or supporting each other throughout the day when capturing both photographs and film. Working this way gives us the flexibility to put our attention where it's needed, helping everything flow smoothly and bringing out the best in what we create together.

AFTER YOUR WEDDING

TURNAROUND TIME

We know you'll be excited to see your photographs and films, so we'll share a sneak peek within two weeks of your wedding.

Most couples receive their full photo gallery within three to four weeks, and their films within two months.

Our agreement allows up to two months for photographs and three months for films. These longer timeframes give us a little breathing room during the summer and other particularly busy periods, so we can give every collection the care and attention it deserves.

HOW TO SECURE YOUR DATE

A signed agreement and a non-refundable booking fee are required to secure your date. We don't require full payment before your wedding; the remaining balance is due afterwards. We understand that planning a wedding means balancing many commitments and supplier payments, and hope this gives you a little more breathing room. Instalment plans are also available - if this would be helpful, please speak with us so we can discuss a suitable arrangement.

Our collections offer coverage from two hours to a full day, with the flexibility to suit your plans. You can extend a two-hour or half-day collection by up to one hour at our hourly rate. If you need more than one additional hour, your booking will move to the next collection tier. For our nine-hour full-day collections, any additional coverage is charged at our hourly rate.

If your plans don't quite fit one of our collections, we'd love to hear what you have in mind and put together a bespoke option.

Travel and accommodation are included for locations within a three-hour one-way drive or train journey from Leeds. For locations beyond this area, additional travel charges will be quoted separately and agreed with you before booking.

Destination Weddings

Planning a wedding in Europe or further afield? Get in touch for our destination wedding brochure - we'd love to hear what you're imagining.

Pre-Wedding & Engagement

Considering a pre-wedding or engagement session? We have a separate brochure with all the details, and couples who book their wedding with us can enjoy a preferential rate on their session. Get in touch and we'd be happy to send it over and talk through your ideas.
